AUSTRALIANS in SCIENCE

Prof Emma Johnston AO FAA FTSE

A leader in the field of marine ecology, whose pioneering research has been widely adopted into policy by governments in Australia and overseas. She is also a highly influential leader, advocate and 'voice' for Australian science. Her leadership roles include President of Science and Technology Australia (STA) and Director of the Great Barrier Reef Marine Park Authority Board.

Combined with her extensive track record of science communication and outreach, Johnston is an exceptional role model and science champion.

Losing time on calibration standards?... **We have the SOLUTIONS for you!**

The purity and accuracy of standard calibration solutions are imperative to achieving not only the correct answers, but also to getting the job done efficiently, allowing you to get on with more important tasks.

Rowe Scientific are experienced in laboratory practices and understand the importance in having reliable standards and reliable supply.

SOME SOLUTIONS WE MANUFACTURE:

- ✓ AAS standards 10.00ppm Ni, Fe, Cr, Mg, Co, Cu, Zn, Mn
- ✓ GOLD 2.00ppm solution in 0.1% NaOH/0.01% NaCN
- ✓ KCl conductivity standards
- ✓ Corrosion inhibitors
- ✓ All pH buffers
- ✓ Titration standards solutions: 0.500M HCl, 0.500 NaOH, 0.500M H₂SO₄, 0.1N AgNO₃
- ✓ Soil analysis buffers
- ✓ Mixed mineral acids
- ✓ Engine coolants (ethylene glycol based)

ROWE OFFER YOU:

- ✓ Primary chemicals traceable to N.I.S.T (N.B.S) standards. That's guaranteed accuracy and quality control.
- ✓ Quality Assurance Certificates with AAS standards. Available on request for other solutions.
- ✓ 100mL to 2000L quantities available.
- ✓ Custom made to meet your needs.
- ✓ Competitive pricing designed to save you money in the long term.

Contact your local Rowe Scientific Account Manager to find out how we can save you time and money with Rowe chemical solution standards.

Automatic Test Strip Reader QUANTOFIX RELAX

Reflectometer for evaluation of test strips

The QUANTOFIX Relax is the ideal device for the objective evaluation of MN QUANTOFIX test strips. It combines the simplicity of test strips with the safety of instrumental analysis and thus the best out of these two worlds. The QUANTOFIX Relax does not require any special strips, but evaluates the normal pH-Fix and QUANTOFIX test strips.

Data Memory: 200 measurements
Strips Per Hour: 50

Haier

Uniform and Stable Temperature:

Temperature is precisely controlled within the fluctuation range of $\pm 0.1^{\circ}\text{C}$ to ensure the normal growth of cells throughout their life cycle.

Precise CO₂ Concentration:

A new type of IR sensor controls CO₂ concentration sensitively to keep the culture medium stable in a weak alkaline environment.

180°C Dry-heat Sterilization:

Easy and effective dry heat sterilisation at up to 180°C for microorganisms including bacteria, fungi and microplasma with strong resistance in just 12 hours.

IoT APP Available for Real Time Monitoring (optional):

The operation of the incubator can be monitored at anytime through mobile APP or computer terminal, also with alarm and push function.

UltraEco ULT FREEZER

Super energy-saving technology and precise temperature control. Designed to provide long-term storage for various biological samples and sensitive items to ensure the integrity and stability of precious materials. With its outstanding energy-saving features, it not only reduces electricity consumption but also contributes to a greener environment.

ROWE CODE	IF0693	IF0694

With LCD touch screen

UNDER COUNTER ULT FREEZER

ROWE CODE IF0362

-86°C, 100L, J Series

Energy Efficient, Safe and Reliable:

High efficiency HC refrigeration system, optimised for energy efficiency delivering a power consumption figure of just 5.5 kWh/24 h

Personal ULT Storage:

810mm cabinet height makes it easy to place on or under bench, saving storage space. Stackable design.

Ergonomic Design:

Ergonomic handle design ensures easy one-hand door opening.

Low Noise:

Optimized noise reduction cabinet and system design, emits sound level of only 46.8 dB.

Orders must be placed by the 17th of December 2025. While stocks last. Delivery must be completed within 60 days of order being placed. Not to be used in conjunction with any other offer. Installation and commissioning must be within 100KM of the GPO on all 3 bundles offered.

DISTILLATION UNITS FOR WINE & BEVERAGE LABS

GLASSCHEM Compact distillation units for the determination of free and bound sulphur dioxide, volatile acids and alcohols are supplied pre-assembled on stainless steel mounting frames, ready to connect to your existing services and are available in different configurations to suit different laboratories requirements. All instruments are based on accepted primary methodologies.

COMBO UNITS

OH, SO₂ and VA modules can be incorporated into “Combo” models so that multiple parameters can be measured on a single instrument to suit your laboratories workload.

A full range of wine testing apparatus, alcohol stills, distillation equipment, accessories and more, can be purchased directly from your local Rowe Scientific office in Australia.

VA DISTILLATION UNIT

Available in 1, 3, 4 or 6 places

OH DISTILLATION UNIT

Available in 1, 2, 3, 4 or 6 places

SO₂ DISTILLATION UNIT

Available in 2, 4, 6 or 8 places

BLADEFLASK

Scalpel Blade Remover & Sharps Container

Remove, contain, and dispose of scalpel blades in one click with the BladeFLASK. The world's pioneering single-handed scalpel blade remover enables healthcare professionals to quickly and safely remove up to 100 scalpel blades.

- ✓ Puncture-proof, compliant with UN recommendations for handling dangerous waste
- ✓ Audible “click” to signify scalpel blade removal
- ✓ Built-in counter with automatic shut-off when maximum capacity is reached
- ✓ OSHA compliant with single-handed activation when used with the reusable mounting bracket
- ✓ Mount on a wall or desk with the reusable mounting bracket
- ✓ Compatible with most brands of general surgery blades and flat handles

INTRODUCING THE **NEW** **CHARM EZ PROTECT+ SYSTEM**

Customizable, AUTOMATED dairy antibiotic testing system. Run up to six samples at once!

PATENTED INCUBATE AND READ IN ONE STEP!

ROSA BARCODED TESTS

Instantly ID test type, incubation time, and temperature. Identify lot# and expiration date preventing the use of expired tests.

SMART OPTICS WITH SLOPED DESIGN

Mitigate pipetting errors, identify previously run tests, and monitor proper milk flow to automatically start incubation cycle and verify proper test development.

COMPLETE DATA INTEGRATION

Integrated email to automatically notify users of various test triggers (positive results, duplicate Sample IDs, invalids, etc). Customizable, automated daily email reports.

INTELLIGENT WORKFLOWS

Users are guided through testing procedures, performance monitoring, and confirmation of positives to confidently accept or reject milk.

REAL-TIME DATA TRANSFER

Connect to LIMS, ERP, or Cloud. Connect with barcode and RFID scanners, WiFi, Bluetooth, or cellular.

Why not order online
at your convenience
24/7 through the
Rowe Scientific Web
Store, with its easy to
use features?

Rowe Scientific Pty Ltd are a 100% Australian owned company which have been supplying laboratories across Australia since 1987 with scientific equipment, consumables and chemicals. You have the option of online ordering at your convenience 24 /7 through a secure login account we create for you. Once you have a Rowe Scientific Pty Ltd account, simply go to www.rowe.com.au log-in and then you can:

- Order online with your secure login.
- See special pricing and availability.
- Order when it's convenient for you 24 /7.
- See your online order history and back orders.
- Shop from over 117,000 product lines and leading brands.

To obtain a Rowe Scientific login, go to www.rowe.com.au and click the register tab then follow the prompts.

To view our webstore as a guest go to **www.rowe.com.au** and explore the products tab.

To see our current special offers on our webstore, go to www.rowe.com.au and explore the specials tab.

Or to find out more about us including scholarships and news events, go to www.rowe.com.au and explore the news tab.

For all the laboratory
supply needs that
you envision.

Online, by phone or face to face, we give you the choice.
